COMMENTS: HB 1099, as engrossed, provides for a change in the effective date on reversionary annuities, i.e., election of a lower retirement annuity for the employee in order to provide an increased survivor annuity for selected dependants. Currently, these annuities begin the day following the employee's death with payments beginning one month thereafter. HB 1099, as engrossed, changes the beginning date to the first day of the following calendar month with a corresponding change in commencement of payments.

In addition, HB 1099, as engrossed, increases the amount of any child annuities. Currently, if either parent is alive, the first child receives \$500 monthly with each additional child receiving \$350, up to a maximum total paid to all children equaling \$2,500 monthly. If both parents are deceased, the first child receives \$1,000 monthly with each additional child receiving \$500, up to a maximum paid to all children equaling \$2,500 monthly. HB 1099, as engrossed, provides that, if either parent is alive, every child will receive \$500 monthly, with the total for all children not to exceed \$5,000 monthly. Further, if both parents are deceased, every child will receive \$1,000 monthly, with the total for all children not to exceed \$5,000 monthly.

Finally, HB 1099, as engrossed, will provide for a number of minor technical changes in duty disability rules and refund policy. These changes will result in no significant fiscal effects on the retirement fund.
