On February 22, 2012 the Illinois Department of Corrections notified the Commission on Government Forecasting and Accountability that the following state facilities would be closed:

- **Dwight Correctional Center in Dwight,**
- **Tamms Correctional Center in Tamms,**

The recommendation must include, but is not limited to:

- 3) the location or locations to which the functions and employees of the State facility would be moved;
- 4) the availability and condition of land and facilities at both the existing location and any potential locations;
- 5) the ability to accommodate the functions and employees at the existing and at any potential locations;
- 6) the cost of operations of the State facility and at any potential locations and any other related budgetary impacts;
- 7) the economic impact on existing communities in the vicinity of the State facility and any potential facility;

- 9) the impact on State services delivered at the existing location, in direct relation to the State services expected to be delivered at any potential locations; and
- 10) the environmental impact, including the impact related to potential environmental restoration, waste management, and environmental compliance activities.

In addition to the legislatively mandated information above, please also include:

- how much transition costs will be and where in the budget will they be paid for,
