FISCAL IMPACT: The fiscal impact of HB 0590 cannot be determined because the number of employees affected is not known.

COMMENT/DISCUSSION: Currently, the Pension Code requires the teacher's employer to pay to the System the present value of the increase in pension benefits resulting from the portion of any salary increase (during the period used to determine final average salary) that is in excess of 6%. In addition, a number of specific situations are excluded from the requirement for these employer payments. HB 0590 amends the Code to provide that, when assessing payment for any amount due for salary increases in excess of 6%, the System shall also exclude salary increases as a result of accepting school-sponsored, extra-curricular assignments.
