RE: Advisory Opinion of the Commission on Government Forecasting and Accountability Regarding the Closure of Kankakee Minimum Security Unit

The Commission met on Tuesday, December 22, 2009 at 2:00 pm to take final action on the proposed closure of Kankakee Minimum Security Unit, and to accept or reject the recommendation for closure submitted by the Department of Corrections for that facility. The Commission, on a vote of 6-6, did not accept the recommendation by the Department of Corrections to close the Kankakee Minimum Security Unit. A copy of the failed motion to accept the recommendation for closure and the corresponding vote tally is attached.

INTRODUCTION AND BACKGROUND

The Department of Corrections officially notified the Commission on Government Forecasting and Accountability of the intent to close the Kankakee Minimum Security Unit on September 8, 2009. The State Facilities Closure Act (30 ILCS 608/5-10) states that "In the case of a proposed closure of: (i) a prison, youth center, work camp, or work release center operated by the Department of Corrections; (ii) a school, mental health center, or center for the developmentally disabled operated by the Department of Human Services; or (iii) a residential facility operated by the Department of Veterans' Affairs, the Commission must require the executive branch officers to file a recommendation for closure. The recommendation must be filed within 30 days after

the Commission delivers the request for recommendation to the State executive branch officer.”

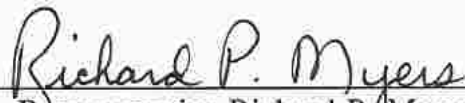

The Commission requested the required recommendation on September 11, 2009. The Department of Corrections submitted the recommendation for closure to the Commission on October 26, 2009. The State Facility Closure Act requires that the Commission conduct a public hearing regarding the closure of a prison no later than 35 days after the filing of the recommendation. The statutorily required public hearing was held on December 8, 2009 beginning at 3:30 pm at the Will County Fairgrounds in Peotone, Illinois which is within 25 miles for the Kankakee Minimum Security Unit.

CONCLUSION

After hours of extensive testimony on December 8, 2009 and further discussion on December 22, 2009, a majority of the appointed members to the Commission on Government Forecasting did not accept the Department of Corrections recommendation to close Kankakee Minimum Security Unit in Manteno, Illinois. The Commission thoroughly reviewed the documents submitted by the Department of Corrections, and documents from interest groups on both sides of the issue. In the final review, the fact that Kankakee Minimum Security Unit is the only female minimum security facility in the Department of Corrections and this facility provides specialized care to female inmates that may not be available at other correctional institutions was an important factor in the final decision. Finally, the Commission believes that due to the specific care provided to female inmates at Kankakee Minimum Security Unit, and that it is the only minimum female institution in the State, the motion to accept the recommendation for closure of the Kankakee Minimum Security Unit failed on a 6 Yes to 6 No vote.
