Re: Rebuild of Stateville Correctional Center
Rebuild of Logan Correctional Center

Senator Koehler and Representative Davidsmeyer:

The Illinois Department of Corrections (“Department”) proposes to rebuild Stateville Correctional Center and Logan Correctional Center. Pursuant to Section 5-10 of the State Facilities Closure Act, 30 ILCS 608/5-1 *et seq.* this letter serves as notice of the proposed closures.

The anticipated closure date for Stateville Correctional Center is estimated to be no sooner than 180 days from today’s date. In the case of Logan, it is more difficult for the Department to provide a specific and certain timeframe. It is the Department’s intent to continue operating the current facility during the construction of the new facility. Thus, the anticipated closure date of Logan Correctional Center is in approximately three to five years. However, the ability to operate Logan in a safe and financially feasible manner for three to five years will be greatly impacted by the progress of the ongoing, significant maintenance and repair issues.

The Department looks forward to working with you in compliance with the requirements of the State Facilities Closure Act.

Please contact me if you have questions or if the Department can provide additional information.

Sincerely,
